Abdulkadir Cüneyt AYDIN graduated from Karadeniz Technical University, Faculty of Engineering, Department of Civil Engineering in 1996. Between 1993 and 1996, he worked at Trabzon Fen Engineering and Computer Company. After graduation, he briefly served as an engineer and computer program designer at Erzurum Yakutiye

Municipality. In the same year, he joined Atatürk University, Department of Civil Engineering, as a research assistant.

In 1998, AYDIN completed his master's thesis in collaboration with the Technical University of Berlin. He then began his doctoral studies the same year and completed his Ph.D. in 2004. Throughout his academic career, he has conducted various international collaborations with Gazi University, the Technical University of Berlin (Germany), Università Politecnica delle Marche (Italy), and Urmia University (Iran).

Prof. Dr. AYDIN has authored more than 200 national and international scientific articles. He serves as the chief editor of three international scientific journals and is also a member of the editorial board of numerous academic journals.

Currently, Prof. Dr. Abdulkadir Cüneyt AYDIN is the Head of the Department of Civil Engineering and the Head of the Structural Division at Atatürk University, Faculty of Engineering. He is married, has three children, and is proficient in English and German.
